COURSE DESCRIPTION:

The **Mariachi II** course has been designed for those who have taken the Beginning Mariachi course or those who already have some experience teaching mariachi. Participants will be provided with sample materials for the more advanced mariachi forms including Bolero Moruno, Son Abajeño, Son Jalisciense, Son Jarabe, Son Jarocho, Huapango, and Joropo. Resources that will be provided include curriculum documents, intermediate level musical arrangements, recordings and lots lots more! Participants will have the opportunity to enhance their skills on guitarron, vihuela, and mariachi guitar.

Those with band background are asked to bring a trumpet to the workshop and those with string background are asked to bring a violin. Guitar teachers should bring their own guitars as well. The guitarrones and vihuelas will be provided.

Emphasis will be placed on ensemble performance in order to apply the stylistic skills to be learned and, subsequently, taught. Participants will thus walk away with new materials to use in their school's comprehensive music program. Additional materials will be offered at substantial discounts for MENC members.

CREDIT INFORMATION: Credit will be made available to those who are interested. Details are TBA.
